GREAT OUTPOURING OF PEOPLE GREETED SPEAKERS FOR WHITE PRIMARY DEMOCRACY LAST NIGHT

Five Thousand Persons Cheered Themselves Hoarse in Response to Speeches by Blount, Jones, Mayes, Wolfe and Chas. H. Bliss at Largest Gathering Ever Assembled in City of Pensacola.

SENATOR BLOUNT'S GREAT SPEECH

The First He Has Ever Made in a Municipal Campaign.

EVERY SPEAKER URGED SUPPORT OF THE ENTIRE TICKET AND ASSEMBLED MULTITUDE GREETED APPEAL WITH SHOUTS OF APPROVAL—A MEETING WHICH PRESAGES VICTORY TO-DAY.

If there had been any doubt in the mind of anyone as to the result of the present municipal campaign that doubt was settled last night when from 5,000 throats the cause of White Democracy was cheered to the echo. It was a magnificent gathering—the largest, probably, in the history of the city, and certainly the most representative. Every foot of ground around the speaker's stand in the Hotel Esplanade grounds was packed with a solid mass of humanity which extended far out into the street, and the broad galleries of the hotel were lined with people.

Preceding the meeting Chaffers' band and the Eighth Artillery band from Barrancas each played several selections on the street and then marched to the place of meeting followed by immense crowds. Seated upon the speaker's platform were the White Primary candidates and, in addition to them, the following gentlemen: Senator W. A. Blount, former mayor C. M. Jones, Dave K. Coleman, I. H. Aiken, W. H. Hutchinson, Frank Kelly, Max Bear, J. E. Butler, Walker Ingraham, Dr. H. H. Boulter, Oscar E. Maura, Dr. W. E. Anderson, Frank L. Mayes, F. E. Brawner, A. Rosenau, J. D. Goss, W. H. Hutchinson and Chairman Jno. B. Jones.

Chairman Jno. B. Jones, of the city democratic executive committee, presided and introduced the speakers. He introduced the first speaker, former mayor C. M. Jones, by saying that two years ago he had referred to this gentleman as the best mayor Pensacola had ever had and that he could introduce him in the same way now. The mention of the former mayor's name was greeted by tremendous applause. He spoke in part as follows:

C. Moreno Jones. "Mr. Chairman, Ladies and Gentlemen: I am here to-night not as a candidate for political honors but simply as a private citizen, impelled by a duty that I believe every citizen is due to city. And that is to assist in every honorable way to bring to successful termination this campaign in favor of every nominee of the White Democratic Primary. (Applause.)

It is needless for me to call to your attention the importance of the election that confronts us here to-night. For I believe that every thinking man in this community on Tuesday next will administer such a stinging rebuke to the leaders of the Anti-Primary movement that they will be forced to go with the stamp of defeat on their faces, outcasts from the democratic party. (Applause.) The action of the advocates of the White Primary has placed these leaders in the position where they belong, and for these many years, these leaders who have posed as democrats and claimed that title under false pretenses, have established the fact by overwhelming evidence that they belong to the party known in political parlance as 'Mugwumps.' (Applause and laughter.)

Now, my friends, it has been said I have not lifted my voice during this campaign. I do so to-night, and I propose to go to the polls and cast my vote for every nominee of the White Democratic Primary. (Applause and cheering.) Mr. Jones then dwelt at considerable length upon the inside history

FRAUDULENT VOTING WILL BE PROSECUTED

WARNING IS ISSUED TO PERSONS WHO MAY ATTEMPT FRAUD AT THE POLLS OR WHO MAY BECOME CONVENIENTLY BLIND OR CRIPPLED FOR THE OCCASION.

It has been rumored that fraudulent voting will be attempted to-day. In other words, it is said that certain persons who have no right to vote will attempt to do so. All such persons will take warning that the strictest vigilance will be maintained at the polls and that every man who attempts to vote fraudulently will be prosecuted to the full extent of the law. Election fraud constitutes a penitentiary offense and if any of that kind of fraud is discovered in to-day's election, it is quite likely that an example will be made of the guilty party or parties which will prevent anything of the kind in the future.

Perjury Also. The people who are appealing to the Negro vote for support are advertising the fact that the election law allows voters that are unable to write

owing to blindness or on account of crippled arms, to ask assistance of an inspector to mark his ballot for him. The election law does make this provision, but the inspectors will not let them see to it that Negroes who happen to be temporarily "blind" or "crippled" for election time only, will not be allowed any assistance. If any voter who is not actually blind or crippled attempts to get assistance in making his ballot, it will be the inspectors' privilege to make him take oath as to his alleged disability. If it should be found out that he has sworn falsely, the voter can then be prosecuted in the courts for perjury and, in the event of conviction, he can be sentenced to jail. Colored voters who find it convenient to get blind or crippled on election day will therefore take warning.

Diver Imprisoned Under Water Twenty-Four Hours

By Associated Press. Canton, Mo., June 5.—After being imprisoned for twenty-four hours, loaded down by a diver's armor and under fifteen feet of water, Daniel Hayes has been brought to the surface in an unconscious and almost dying condition. He is a professional diver and has been employed to remove the brush and debris from the immense pipe which serves at times of low water to drain Lima Lake and transfers its surplusage to the Mississippi river.

While at work Hayes was sucked under the pile of refuse and over against a boulder in a way which prevented him from loosening himself from the tangled hose which held him

down. In signalling to the men in charge of the air pump he could not let them know his situation as the air hose had been wrapped around the rock, causing deceptive bubbles to come to the surface. Major Meigs, engineer in charge of the river improvement, accused the country for a diver to go to the rescue of Hayes, but was unable to find one until nearly twenty-four hours had elapsed. When, after an hour's hard labor, the imprisoned diver was released, his suit was found to be leaking and he would have been drowned had the ordeal lasted another half hour. The agony that he passed through made him appear ten years older than when he disappeared from view.

of no moment whatever and should be given no consideration by the voters. The Anti-Primary crowd were simply appealing to the prejudices of the voters by the methods they had adopted, and such methods should be repudiated at the polls by every voter who had the best interests of the city at heart.

Mr. Jones predicted the success of the White Primary ticket by an overwhelming majority, and appealed to the voters to work hard and earnestly to that end. He was vigorously cheered and applauded throughout his address. Chairman Jones next introduced Hon. Wm. A. Blount and in doing so paid high compliment to that gentleman's personal worth as well as to his ability as a lawyer, and spoke of his valuable services to the people of Escambia county in the state senate. Senator Blount was given an ovation as he stepped to the front of the platform and it was several minutes before he could proceed. His address, in part, was as follows:

Hon. Wm. A. Blount. "Mr. Chairman, Gentlemen of the Committee, Fellow Democrats, Ladies and Gentlemen: I received during the early part of last week a very kind invitation from the committee representing the white democratic party of the city of Pensacola to address you upon this occasion. I was fearful that I might not be able to do so, but no matter what the circumstances I was so desirous of letting the people of Pensacola know that there was no truth in the rumor that I was not willing to stand square and far-footed upon the platform representing the White Democratic party, that I am here tonight to say, if I say nothing else, that I am thoroughly, absolutely, heart and soul

AND TALKED OVER THE CONDITION OF THE KNIGHTS OF HONOR IN FLORIDA.

Officers of the grand lodge Knights of Honor of Florida, held a session in Pensacola yesterday, when affairs connected with the order were discussed at some length, and reports received from various officers. Among those in attendance were Grand Dictator Thos. F. Wright, Grand Representative A. H. D'Alemberte, Grand Treasurer J. S. Frank and Chairman of the Finance Committee J. R. Keller.

The supreme lodge meets in Atlanta next Tuesday, and among those who will attend from Pensacola are Judge Geo. S. Hallmark, of Pensacola; L. J. Burkham, of Gainesville, and Grand Representative A. H. D'Alemberte, who is also a member of the finance committee of the supreme lodge. It is very probable that the number of ladies will accompany those attending the sessions.

BINGHAMPTON, N. Y., VISITED BY TORNADO.

with this movement, and in accord with every principle enunciated in it. (Applause and cheers.)

"I have been for 60 days in the legislature of the state of Florida representing, as best I could, the interests of the people of Escambia county. I did not meet with those things I did not meet with the commendation of all the citizens, and what I did was with the conviction that it was for the best interests of the majority of the people who had elected me and whom I was delighted to represent. (Applause.)

"During the session, however, my audience was composed of men, and never, upon a single occasion, did I feel the inspiration that is always felt when looking into the laughing eyes and seeing the dimpled cheeks of so many beauties before a speaker. I see in this immense audience. (Cheers and applause.)

RACE RIOT IN S. CAROLINA

Two Dead and Several Injured in Battle Near Turner Monday.

COMMUNITY UP IN ARMS

TROUBLE AROSE OVER NEGRO CHILD SAID TO HAVE BEEN KIDNAPPED—BIG POSSE IN PURSUIT OF NEGROES—LYNCHING THREATENED.

By Associated Press. Augusta, Ga., June 5.—A race riot at Turner, S. C., has resulted in the death of Burrell McLane, a white man, the serious wounding of his son, the death of a negro and the wounding of three others. It is said the white population of the community is up in arms. Sheriff Rainbone and Coroner Owens of Alcon county, have gone to the scene. McLane and his son yesterday afternoon went to a house on one of McLane's places and ordered Dave High to return a child, which it was alleged by McLane was stolen from a negro woman. A number of negroes at the house attacked the McLanes and several shots were exchanged. The older McLane was killed instantly, a son of High being shot to death. Several members of the party of negroes are being pursued by a hundred white men who threaten lynching.

MEASURES SIGNED BY THE GOVERNOR

Special to The Journal.

Tallahassee, June 5.—Governor Broward signed the Buckman bill at 3 o'clock this afternoon. The bill, some pen with which the bill was signed was sent by Mr. Buckman Sunday. The Anti-Baseball bill was also signed today.

MANY WAGERS MADE ON PRIMARY CANDIDATES.

Many wagers were made about the city yesterday on the result of the election to-day. The odds were all in favor of the White Primary candidates, and not one dollar was left on any board on any Anti-Primary candidate. There was upwards of one thousand dollars still on the boards in favor of Bliss last night, a majority of the money being at Roch's. The last money to be taken was \$25 on John Cary Whiting against N. McK. Oertling. This had been on the board for several hours, but was wiped off when a prominent man came up and took the wager.

SHERIFF HAD HARD CHASE AFTER PRISONER.

Sheriff Van Pelt had a hard chase yesterday about noon after a negro named John Thomas, who was wanted for gambling. The sheriff saw what was doing and turning fled towards Muscogee wharf, the sheriff being in close pursuit.

The sheriff fired one shot at the negro to frighten him, but this only had the effect of causing him to run faster. The sheriff proved himself to be a pretty good sprinter, for after chasing the negro to Muscogee wharf he succeeded in effecting his capture.

RUSSIANS DETERMINED TO CONTINUE THE WAR

Interview Between President Roosevelt and Count Cassini Has Not Borne Fruit in Russia.

YOUNG VOTERS HAD PARADE

EMPLOYED EIGHTH ARTILLERY BAND AND PARADED THE STREETS DURING THE NIGHT.

The young voters of the city sprung a surprise last night, when they appeared upon the streets in large numbers with torches and banners, headed by the fine Eighth artillery band from Fort Barrancas. At a recent meeting of the Anti-Primary forces some of the young men were dubbed as hoodlums. Late yesterday afternoon they organized and with banners bearing the words "Bliss Hoodlums Fall In Line," and "We Are for White Supremacy," paraded from one end of Palafox street to the other, loudly cheering for the White Primary candidates. The young men met with hearty applause from the immense crowds that had congregated upon the streets. Later they marched to the lawn at Hotel Esplanade, where there was already an immense gathering and joined in applauding the speakers. Afterwards they marched back to the city, where the band rendered some excellent music, serenading The Journal while down town. The music was highly appreciated.

RUSSIAN VESSELS MAY BE INTERNED

Will Not be Allowed to Make Repairs in the Harbor of Manila.

VESSELS MAY BE PUT IN SUCH CONDITION TO MAKE THEM HABITABLE AND KEEP THEM AFLOAT—JAPANESE MINISTER ADVISED OF INTENTION OF THE GOVERNMENT.

By Associated Press. St. Petersburg, June 5.—The interview between President Roosevelt and Ambassador Cassini, at Washington, regarding peace in the Far East has not borne fruit here. Officials do not hesitate to express the opinion that the determination to continue the war is fixed and definite, but seem pleased with Mr. Roosevelt's friendly spirit, which is manifested in such form as not to require a formal reply. Representatives of the powers here are disposed to look on the attempts to end the war as fruitless until after another land battle, at least.

RUSSIAN VESSELS MAY BE INTERNED.

Washington, June 5.—The president to-day, after a conference with Secretaries Morton and Taft, decided that in strict pursuance of the international policy of the United States the Russian cruisers Aurora, Oleg and Zemtchik be interned at Manila if the ships do not put to sea at the termination of the period allowed by international law. It is fully expected that Admiral Enquist will decide to intern the ships.

The president's decision is said to be in accordance with the best naval opinion and in pursuance of the policy of strict neutrality followed by the Washington government since the beginning of the war. The ships when interned will be allowed to be put in a habitable condition and such repairs made as may be necessary to keep them afloat.

The Japanese minister here this afternoon formally inquired the government's intention regarding the vessels. Acting Secretary Loomis of the state department, replied that the vessels would be interned if they do not leave the harbor immediately. The exchange of correspondence which has taken place was to formally establish the responsibility of the United States for the detention of the vessels of Manila until the end of hostilities.

CANNOT MAKE REPAIRS IN HARBOR OF MANILA.

Washington June 5.—Admiral Enquist will not be allowed to repair his ships at Manila. This government has decided that as the injuries to the vessel were not caused either by the sea or storm they will be obliged to refuse permission for the vessels to be repaired there.

Today Secretary Taft cabled the following instructions to Governor Wright regarding the ships: "Time cannot be given for repair of injuries received in battle, therefore the vessels cannot be repaired unless interned until the end of hostilities."

Admiral Train has been instructed accordingly. It was stated by Secretary Taft that if the Russian vessels agreed to leave Manila in their present condition they would be welcome to do so but as it did not appear that they had suffered from any damage caused by sea or storm this government was obliged to take the position above outlined.

REPORT OF DEFEAT INFLUENCES ELECTIONS.

St. Petersburg, June 5.—The report of the naval defeat was heard from Odessa during the recent city elections when every candidate having naval connections was defeated. The British embassy has not yet taken action regarding the British steamer Oldhamia, reported to have been sunk by the Russians south of the island of Formosa. No instruction on the subject it is said, have been received from London, and the British government is evidently disposed not to press the matter until full details are received.
